

Georgie's journey

Follow up on the Anaphylaxis

. How would you approach this?

- . How would you approach this?
 - Solo?
 - With colleagues?
 - With a senior?
 - Where? At the nurses station? In a private room? At Georgie's bedside?

• What are his concerns? What is his frame?

- What are his concerns? What is his frame?
 - Misunderstanding about the disease process
 - Is he guilty for not being around previously?
 - Personal connection to Nan/home

What do you understand by "open disclosure"?

- What do you understand by "open disclosure"?
 - Expression of regret
 - Explanation of what happened
 - Consequences of what happened
 - Steps taken to manage the event
 - Steps taken to prevent recurrence

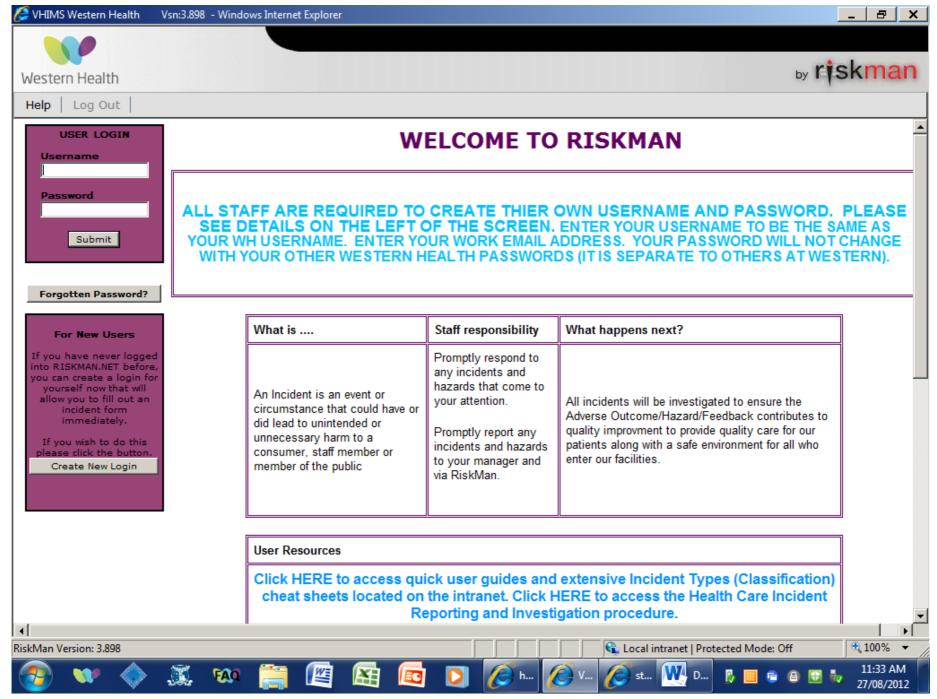

- What do you understand by "open disclosure"?
 - Not an admission of liability
 - May lead to increased litigation

- What do you understand by "open disclosure"?
 - Shift from past cultures
 - . Blame/shame
 - Non-transparent
 - Systemic responsibility vs. individual responsibility

 How would you feel if you were the person who made the 'mistake' e.g.. Gave or prescribed the medication that caused the anaphylaxis?
